What a year 2008 has been and we still have about 53 days left before 2009 is upon us. It has been a while so I hope this newsletter isn't too long or overwhelming but we do have some exciting stuff going on which means you're in need of an update!

In this update you'll receive info about:

Upcoming events:

Saturday, November 15th - Valley View Park in New Berlin.

The 1st ever **Glow & Throw** will be taking place at Valley View Park. This uses a format that is similar to the Milwaukee based Halloween Howler. The major difference is that it will be singles instead of doubles. Sign up will be that afternoon and we'll have one round during the daylight hours, give you a break for dinner, then one round during evening hours. There are still a few great nights for glow golf and this will be one of them. Valley View will close for the 2008 season shortly after this event so get out and play this fun, short, course one final time before (more) snow flies.

Some glow discs, disposable glow sticks, and the super bright non-disposable glow sticks will all be available onsite at the event. More information can be found at the following website:

Saturday, November 29th - Brown Deer Park in Brown Deer.

Cold Turkey III has moved from UW Parkside to another fine course which many claim is one of the best in the State - Brown Deer. This PDGA C-Tier event will be a great time and will be sure to challenge everyone regardless of division. Custom stamped discs will be made up and pre-registration is always critical. A \$10 late registration fee goes into effect on Thanksgiving Night so be sure to pre-register for this event. Pins have not been finalized just yet but we have to get 2 round of 18 in so they likely won't be in their max positions. Registrations have started to come in so please get yours in today to secure your spot. I predict at least 72 participants at this event if not 90.

Online registration (for a small fee) can be completed here:

Or you are more than welcome to print out this flyer and mail it in with your name and check:

Products:

Manufacturers are not slowing down when it comes to producing products and here at LDS we are on top of the latest and greatest stuff out there.

I'm sure you've heard by now that Innova has a new speed 13, super fast, super distance driver called the Boss. This is an incredible disc and even if Innova tells you that you need a big arm to make it work its not going to stop you from throwing it. I have a bunch in stock so get one today and let this baby loose. Anthony Micelli would have it no other way. (Side note

- custom versions of these will also soon be available)

The **Clash DVD Series** has recently released its second installment. We are proud to announce that we are carrying this collection of DVDs and this particular release gives a very unique look at some of the best players in the world. Ken Climo & Nate Doss challenge Barry Schultz & Markus Kallstrom as well as Avery Jenkins & David Feldberg at one of the greatest courses in the World - Winthrop Gold. If you have never had the pleasure of being at the USDGC then this is a must have DVD. Look for the next installment to feature some of the best players in the world competing at none other than ... Tokken Creek in DeForest, Wisconsin! The DVD is just \$15 and you can pick one up from me anytime. Here is a link to their website for further reference: <http://clashdvd.com/>

Speaking of David Feldberg, he's got his name on the new Champion Boss as well as his face on the cover of the new **PDGA Pro / Am Worlds DVD**. As you may have guessed, LDS is one of the first retailers in the world to get their hands on this awesome DVD. There is a ton of footage on this very well constructed video. Good friend, John Duesler, provides commentary to accompany the excellent camera work. Catch us early enough and we'll even provide a discount to the first 50 purchased. Save yourself the shipping costs and purchase locally. Want to see an awesome trailer for the video?

Christmas is right around the corner. Remember, LDS offers **gift certificates** for any person in any denomination. Not sure what to get your significant other or best friend? Well, contact us and we can get you a gift certificate which is good for any products that LDS carries. **Disc Golf Bobble Heads** also make for very unique Christmas Gifts.

On a personal note:

Tuesday, October 21st, 2008 became a very special day for me as my wonderful wife and I welcomed our perfect daughter, **Alison Rebecca Miller** into the world at 1:39PM. She weighed in at a healthy 8lbs, 1oz and was 20 inches long. The birth went very smoothly (I know, easy for me to say) as well as the transition home and the weeks that have followed. Alison, mom, and I are all doing very well a few weeks later and she is even on her way to being a PDGA Member. She will have a number which is exactly 30,000 after her father which makes it, #40738. Look for unique, custom discs to soon be available as every penny raised from these commemorative discs will go toward her very first disc golf tour account, (I mean, college savings).

Thank you to everyone that visited, sent gifts, or supported us with congratulations or any type of help what so ever. Little things like bringing over dinner, doing light shopping, or buying diapers have all been greatly appreciated and more useful than you can ever imagine. I know my life has changed forever and I couldn't be more blessed.

The Chocolate Gang:

As many of you know, local legend, Uncle Joe Weinschel (PDGA 4907) has posed an opportunity to hundreds of disc golfers about the business that is Xocai Chocolates. Now, I see tons of disc golfers from all over the country getting on board and it excites me knowing I got on board back in February.

So what does all of this mean? It means that if you have any interest in what we are doing and how this actually works then you're welcome to join a workshop that Uncle Joe has put together for Friday, November 14th. All of the details can be found on Joe's website:

<http://chocolate.unclejoes.org/milwlaunch.html>

Besides the face to face workshop on Friday night there is also a special VIRTUAL TASTING being put on by my good friend, John Duesler (of the PDGA Worlds DVD). Here is his message to everyone:

I am asking you to join me to find out more about this new and exciting company that I'm starting, The Chocolate Squad. We are promoting the benefits of Xocai Healthy Chocolate, and I'm hosting a Virtual Chocolate Tasting next Thursday evening, November 13th.

I would like you to join me on The Chocolate Squad. Our mission is to promote a healthy lifestyle with the help of this very special Xocai dark chocolate that contains amazingly healthy amounts of antioxidants and omega-3 fatty acids, both of which are VITAL for good health. And it's all contained in this delicious chocolate.

Too good to be true? NO WAY!

Find out more this Thursday, November 13th, by replying to rsvp@thechocolatesquad.com. A simple follow-up form will follow, and I'll get your FREE tasting pack out for you to discover this great opportunity for physical and financial health.

As always, I am grateful for your great respect and support.
John D.

Wrap Up:

This was a longer than normal newsletter but as I said, there was plenty to cover! Whether you're a tournament player, an EBay customer, or just someone that just likes to be in the loop, we appreciate your business and support here at Lifetime Disc Sports.

As always, if you wish to be removed from this mailing list, simply contact me and I'll gladly remove you. We trust that you find this information both useful and timely. Feel free to pass it onto anyone else that might appreciate it.
